For the third time in its history Tammany Hall, at 115 East Fourteenth street, had a fire yesterday. It started in the assembly half on the third floor, used by Our Neighbors Social Club the night before When the caretaker, Joseph Collins, opened the door for the cleaners in the morning the assembly hall was ablaze on the west side

Ambassador to Washington Explodes Stories About Texas Schools

MEXICO CITY, Dec. 12 - In an official report which he has just made to the Mexican Government Francisco de la last week in the United States Circuit Barra, Ambassador to Washington from Court of having counterfeit money in Mexico, says he has made an investiga-

tion of the report that Mexican children are excluded from the public schools of Texas and finds that it is unfounded.

For several months Mexican newspapers have been publishing articles saying that discrimination was made in counties in the southern part of Texas. The Ambassador says he has given the counties mentioned especial attention and is convinced that the reports are counties mentioned especial attention and is convinced that the reports are without foundation.

she was 72 years old. Her death was caused by paralysis.

Mrs. Young played an important part in the early history of Utah and it was for her that Brigham Young built what is known as Amelias Palace, one of the show places of Salt Lake City.

Mrs. Young was born at Buffalo, N. 1.

August 23, 1838, her father being William H. Folsom, who had joined the Mormon Church. Those familiar with early church history declare it was a case of love at first sight with Amelia Folsom and Brigham Young. They were married on January 24, 1863, and a short time thereafter the construction of the palace began.

Following the death of her husband in 1877 she sold the palace and later travelled in Europe.

Charles F. Murphy dropped around in the course of the morning, as did Thomas Smith, the Tammany secretary; Philip Donohue, the treasurer, and former Coroner George F. Shrady. The damage was estimated at about \$12,000.

Mr. Murphy has arranged to set up temporary headquarters at the Democratic State headquarters at the Democratic State headquarters at the West Thirty-fourth street. Two committees on December 19 and one of the committee on county affairs on December 28, will be held in the Murray Hill Lyceum. Several organizations that had planned to hold balls and entertainments in Tammany Hall between now and Christmas will have to go elsewhere. It will be a month or more before repairs are completed. Some of the members have been anxious to move the Society of Tammany further uptown and it is believed that their efforts will be redoubled now. The decision rests with the building committee. The other fires in Tammany Hall were in 1876 and 1883. The building was put up in 1867.
